PiE funds go to every PAUSD school and help principals to staff programs that deliver a well-rounded education. PiE's funding provides enrichment and support in the areas of STEM (Science, Technology, Engineering and Math), the Arts, and Wellness and Support. PiE-funded staff make a positive impact on our kids every day. Take two minutes to see (<http://papie.org/video/>) how the enriched education we want for our kids is only possible with PiE.

JORDAN NEWS

NEW! Jordan 7th and 8th grade basketball registration

Jordan 7th and 8th grade basketball registration will begin on **Tuesday, September 26th at 8:30 am**. You can either go online to cityofpaloalto.org/enjoy and create an account ahead of time and register online, or you can come in person to Mitchell Park Community Center on the day of your child's schools registration (September 26th starting at 8:30 am). If you come in person I would recommend coming in person about an hour before our doors open, however we usually only get a handful of people registered who come in person, so the online system is a quicker approach to registering your child. We are NOT accepting registration forms by email or by fax, only online or in person, the day of your child's registration day.

For questions about Jordan Sports Signup, please contact Alex Comsa alex@comsagroup.com If you know anyone that is interested in coaching basketball this season, please contact Chase Hartman Chase.Hartmann@CityofPaloAlto.org

NEW! The JAWS Center is Open!

We are excited to announce that our Jaguar Academics and Wellness Support (JAWS) Center for the 2017-18 school year is now open! Our doors are open from 3:05 - 4:30pm on Mondays, Tuesdays, and Thursdays. Once students are checked-in, they are able to utilize all of our library resources including computer use and textbook/library book check out/check in. As we open this year, you may notice some differences from last year. This year our coordination team, who will be overseeing our JAWS services on their designated days, consists of Ms. Jennifer Pequegnat on Mondays, Mr. Keith Clarke on Tuesdays, and Mr. Garth Rogers on Thursdays.

Student Sign in:

Students must arrive in the library **no later than 3:15pm**. If a student will arrive later than 3:15, he/she/they must come with a pass from a staff member in their binder reminder marked on that particular date. Students are NOT permitted to leave campus then return for JAWS.

Binder Reminders are students' tickets into JAWS. It must already be filled out by the student with assignments to work on for the day. Staff members will come around to check in with students using their binder reminders.

Snacks:

During the JAWS session, once all students have been signed in/checked in, snacks will be provided to students. Please notify our coordinators of any food allergies upon arrival at JAWS.

Cell phones:

While we understand the need for students to have a cell phone after school hours, please respect the students and staff working in the JAWS Center. Cell phones should not be visible or audible (please turn it on silent). If a student needs to make or receive a call, please use courtesy, notify/indicate to an adult and then step out of the library to use the phone.

Behavior expectations:

The JAWS Center is a place for students to have a safe and comfortable environment to work on their academic needs. All behavior expectations during the school day apply during this after school program. Any students who habitually disturb or disrupt the learning environment will be asked to leave JAWS and a parent will be notified.

Student dismissal/ sign out:

JAWS ends at 4:30pm, clean up will begin at approximately 4:20pm. If any students complete their work early or need to check out early for appointments, please use the JAWS iPads to sign out. Once students have signed out, they must leave campus immediately. Any students found wandering campus in unsupervised activities may warrant disciplinary action/consequences. A late bus is available to students who ride the school bus. Students must wait in the N. California bus loop immediately after JAWS dismissal to ride the bus.

Walk and Roll day

Walk and Roll day at Jordan is coming on **Thursday, October 5**. If you are not a regular bicycle or pedestrian commuter, October 5 is your day to try alternative transportation. So check your bike now, make sure it is working. Find your bike helmet and make sure it still fits. Find your scooter, or check out the bus or shuttle schedule. Form a carpool with your friends. Choose an alternative to coming to Jordan alone in a car. See you October 5th!

Cycling Safely to School amidst Traffic

Please remind your children and students to obey the traffic rules and ride cautiously:

1. Wear your helmet and buckle it.
2. Always assume cars do not see you, make eye contact when possible, and move cautiously through intersections.
3. Stop the herd habit!--groups of bikes are not stopping at stop signs! Since cars will want their lawful turn at an intersection, it is a dangerous assumption that bikes can just plow through a stop sign.
4. As we move closer to winter, don't forget to remind your kids that if the sun is in THEIR eyes, it is also in the eyes of car drivers coming up behind them. Always keep to the right shoulder and try to be aware of upcoming cars.
5. A bicycle is a vehicle. Ride your bike on the same side of the road as cars going the same direction. Do not ride the wrong way, or on the sidewalk.

Science Fridays! Science, Engineering and Technology Fair Evaluators and Volunteers!

Couple of the most fun things at Jordan: Science Fridays! And the Science, Engineering and Technology Fairs and Science Expo in January.

On Science Fridays we have scientists, engineers, entrepreneurs, professors, Paly/Gunn students come in to talk about their work and research. Our past topics have ranged from black holes, Google glass technology, sports medicine, wearables, finance, chemistry blowups...just pure fun! Would you like to come and talk to our students? Please send us an email. Oindrila Ray: odray@pacbell.net, Sara Woodham Johnsson: sawoodham@gmail.com and Joo Chia: joochia@gmail.com

We need many evaluators for our science fair projects. The students get to have one on one time with the evaluator and often find the experience enriching. As evaluators ourselves, we have been blown away by the work and imagination of our students. So much creativity and energy!! Sign up to volunteer! https://www.uptous.com/uptous.htm?_flowId=main-flow&runRouter=true#

And the then the science fair night...we have always had a huge turnout and for the past few years...liquid nitrogen ice cream!!! Nothing like the drama of seeing your ice cream emerging from the clouds of nitrogen. Delicious! Hoping to have it again this year. Though the best part is the student posters and talking to the students and of course the expo!

We need volunteers to pull it off and make a success of it! Please volunteer:
