Happy Holidays!!!

We wish all the Jaguars out there and their families a wonderful end of 2017 and a very happy and successful 2018.

Jordan eNews will take a quick break as well and will be back in your inbox on Sunday, January 7, 2018.

NEW! How to Keep Kids Learning During Winter Break

The winter holiday break is a fun-filled time for you and your family to unwind and spend quality time together, but it will be over before you know it! Children's school success begins at home, and even the simplest steps can mean a big difference for your child's future.

TIP 1

* Read for pleasure. Whether your child is in the mood for holiday favorites like *The Night Before Christmas* or their favorite series, winter break is the perfect chance to stash the schoolbooks and have fun reading.

TIP 2

* Cook up a lesson. Ask your child for help in the kitchen to whip up some treats. Using measurements is good math practice, especially in fractions!

TIP 3

* Write thank-you notes. Whether your child is writing notes to gift-givers, teachers or neighbors, this is a great way to practice penmanship, spelling and grammar - plus, it teaches gratitude.

TIP 4

* Let kids help with online shopping. Need a last minute gift? Help your child shop online with you to help them work on computer and research skills.

TIP 5

* Maintain reasonable bedtimes. With no school to wake up early for, it's tempting to let your child become a night owl. A few days before school starts again, ease back into the regular schedule. Have a family game night. Chances are many of your family's favorite card and board games reinforce skills like reading, counting and drawing.

TIP 6

* Gather your family to play games you don't have time for on school nights. Make the most of car rides. Turn the drive to or from holiday gatherings into a fun opportunity to learn. You can look for license plates from different states, count the number of red or green cars you see or play license plate bingo! For more go to the California State PTA website.
