This hysterical romp has surprises at every turn! It is sure to be great fun for the whole family.

## **NEW! Pi Day**

What is significant about the date **March 14th**, otherwise known as three fourteen or three point one four?

It's Pi Day!

That's the day the calendar and pi align. Of course, 3.14 is only the start of pi. Mathematicians have figured out pi up to 10 trillion digits! But you don't have to know that much pi to participate in Pi Day activities. On the other hand, memorizing as many pi digits as you can might get you into the drawing for the Pi Day Grand Prize. For details, go to the Jordan Library. Beginning **March 5th**, the Jordan Library will have more than a week's work of activities leading up to Pi-Day that you can compete in teams of 3 or 1 or 4 to complete.

Activities will culminate 3.14 in the library with a recitation of pi.

Find out How High Can You Pi?
